**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

In the land of dreams and freedom. Opportunity? We are a country on a foundation of creativity, and small business. Taking this away will be the same as taking away our freedom, our rights, our America. Fiber internet has changed my life. Many of us have moved from large companies to support smaller and more competitive business that supply far superior product! I say NO to price hikes.

I use my internet and phone from a smaller service provider to stay connected. I am a registered nurse at the local VA. I use my service to research and study how I can improve my care for the veterans who have served our country to protect our freedom. We serve those that served us. Thank you for your time and consideration.
